Protocol Elements Document

Group Number:

Names:

Date:

Overall Objective:

Objective of the Study:

Primary Endpoint:

Study Design:

- **Control group:**
- **Intervention groups:**
- **Blinding:**
- **Randomization:**
- **Duration/End of study:**
- **Experimental units:**

Statistical Hypotheses (words - formula):

Statistical Model/Analysis:

Effect Size for Primary Endpoint:

Pilot data:

Definition of Study Success:

Methods for the sample size/power calculations/determination and final sample size numbers need to be ready by *presentation session 1*
